

BIOETHICS (BE)

BE 474X Introduction to Bioethics - 3 Hours

An overview of the Hippocratic/Judeo-Christian tradition in medical ethics against the background of biblical-theological discussion of human nature, medicine, and healing, and as a context for the rise of the new bioethics. Prerequisite: PH 180 or consent of instructor. This course is taught at the Trinity Graduate School (BE 5000). Offered fall semester for Deerfield traditional undergraduate. May substitute Undergraduate Bioethics Institute (offered in July, register in May Term). Cross-listed with PH 474X. Delivery mode: Deerfield traditional undergraduate.

BE 475X Topics in Bioethics: - 1-3 Hours

Selected courses taught either at the College or at the Trinity Graduate School. May be repeated for credit with a different topic. Offered fall or spring semester, or annually, in mid-July, in conjunction with the Bioethics Conference for Deerfield traditional undergraduate. Cross-listed with PH 475X. Delivery mode: Deerfield traditional undergraduate.

BE 476X Undergraduate Bioethics Institute - 3 Hours

This institute provides an overview of relevant bioethical issues and principles from a biblical-Christian perspective. It includes reading and assignments to be completed before the first class meeting and other assignments after the last class meeting, as well as a final paper. Participation in the associated National Bioethics Conference offered by The Center for Bioethics and Human Dignity (usually spring and summer) is also required. The course is a unique opportunity to consider the subject and interact with a variety of academic experts, practitioners, and students at various stages of vocational and ethical preparation. Cross-listed with PH 476X. Delivery mode: Deerfield traditional undergraduate.

BE 477X Undergraduate National Conference - 2-3 Hours

This course enables students to take advantage of the opportunity offered by the National Bioethics Conference sponsored by The Center for Bioethics and Human Dignity on an annual basis (usually spring and summer). Attendance at conference sessions and preparatory readings will allow students to reflect critically on the issues of the conference. Selection of a specific topic of interest from those considered in the conference and/or reading materials provide opportunity for extended research. Cross listed with PH 477X. Delivery mode: Deerfield traditional undergraduate.

BE 5000 Introduction to Bioethics: Matters of Life and Dignity - 3 Hours

An overview of the ethical issues in health care and biotechnology that make up the field of bioethics. Biblical-theological and other prominent contemporary perspectives are developed and assessed. Offered online and face to face at the Deerfield campus.

BE 5001 Foundations for Integrative Thought in Bioethics - 3 Hours

This course surveys the Bible from the standpoint of its unfolding history of creation, fall, redemption, and restoration, with special attention to Scriptural applications of ethical thought and ramifications for ethical behavior. The course considers how precedents, themes, truths, and strategies that established God's will in earlier times provide direction for God's people today. Students will practice interpreting scripture responsibly and thinking creatively about current bioethical issues in the light of biblical principles. Offered online, and face to face at the Deerfield and Florida campuses.

BE 5002 Foundations for Cultural Engagement in Bioethics - 3 Hours

This course introduces the student to pivotal Christian doctrines as a framework within which to evaluate the working ethical assumptions of contemporary culture. In addition to investigating several models for Christian engagement with culture, the course encourages the positive formation of a Christian worldview as a foundation for wise interaction with contemporary thought in bioethics. Offered online, and face to face at the Deerfield and Florida campuses.

BE 5100 Intensive Bioethics Institute - 3 Hours

This course surveys the Bible from the standpoint of its unfolding history of creation, fall, redemption, and consummation, with special attention to Scriptural applications of ethical thought and ramifications for ethical behavior. The course considers how precedents, themes, truths, and strategies that established God's will in earlier times provide direction for God's people today. Students will practice interpreting scripture responsibly and thinking creatively about current bioethical issues in the light of biblical principles. Offered online and face to face at the Deerfield campus.

BE 5200 Research Ethics - 2 Hours

The application of critical and ethical thinking to the philosophy and professional practice of scientific research. Students will assess the historical framework as well as the current standards and policies (national and international) for human subject research. Topics covered will include risks and benefits, informed consent, vulnerability, privacy, and confidentiality. Offered online and face to face at the Deerfield campus.

BE 5299 The Clinical Context - 1 Hour

An explanation of basic precepts of clinical medicine and clinical ethics for students not already familiar with them. Designed to be taken concurrently with BE 5300 by students who need to gain this background understanding in order to be able to understand the material covered in BE 5300. Offered as guided study at the Deerfield campus.

BE 5300 Clinical Issues in Bioethics - 2 Hours

Methods of clinical ethics consultation plus in-depth analysis of specific issues in clinical ethics, including resuscitation, assisted ventilation, management of patients with brain damage, and more. Offered as a two-hour course for students familiar with basic precepts of clinical medicine and clinical ethics. Students lacking this familiarity should take BE 5299 concurrently with this course. Offered online and face to face at the Deerfield campus.

BE 5400 Nursing Ethics - 2 Hours

This course is designed to prepare nurses for the ethical issues they will encounter in daily practice. Good caregiving, the changing face of health care resulting from globalization, increasing diversity, expanding use of technologies, and limited financial and other resources are among the challenges addressed.

BE 5499 The Public Policy Context - 1 Hour

An explanation of basic federal and state governmental structures and legislative processes for students not already familiar with them. Designed to be taken concurrently with BE 5500 by students who need to gain this background understanding in order to be able to understand the material covered in BE 5500. Offered as guided study at the Deerfield campus.

BE 5500 Bioethics and Public Policy - 2 Hours

The interface of bioethics and public policy in North American and international contexts, with special attention to religious perspectives in the public square; important cases and bioethics commissions; and other documents. Students will have the opportunity to create a public policy strategy. Offered as a two-hour course for students familiar with basic federal and state governmental structures and legislative processes. Students lacking this familiarity should take BE 5499 prior to, or concurrently with this course. Offered online and face-to-face at the Deerfield campus.

BE 5600 Law and Bioethics - 2 Hours

Questions such as the proper role of law in shaping people's bioethical views and practices and the current state of the law regarding a wide range of bioethical issues are addressed by a legal educator with the help of case discussions. Offered face to face at the Deerfield campus.

BE 5700 The Right to Life & the Law - 2 Hours

A study of the complex medical, social, legal, and bioethical issues raised by such controversial topics as abortion, euthanasia, and infanticide, including a survey of Supreme Court and other judicial decisions pertaining to these issues. Offered face to face at the Deerfield campus.

BE 5800 Bioethics Regional Conference - 2-3 Hours

The regional bioethics conferences held by Trinity in various parts of the U.S. and world provide special opportunities to learn from and interact with Christian leaders in bioethics from around the country and beyond. The course includes a preconference reading program and post-conference writing program tailored to the topic of the conference. Class meetings with the professor take place at the conference. Cannot be taken as a Guided Reading Course. May be repeated for credit. Offered face to face at the Deerfield campus.

BE 5900 Bioethics National Conference - 2-3 Hours

The annual national/international bioethics conference at Trinity provides a unique opportunity to learn from and interact with Christian leaders in bioethics from around the country and beyond. The course includes a preconference reading program and post-conference writing program tailored to the topic of the conference. Class meetings with the professor immediately precede and are interspersed throughout the conference. May be taken in addition to an Institute course such as BE 5100 or BE 6500 offered in conjunction with the conference. Cannot be taken as a Guided Reading Course. May be repeated for credit. Offered face to face at the Deerfield campus.

BE 6100 Bioethics Colloquium - 1-2 Hours

The colloquium meets periodically during the term, with a professor of record and a combination of visiting lecturers, faculty, and student presentations. Local pastors, physicians, and others are invited to attend, offering a meeting point between the program and church and medical communities. May be repeated for credit. Offered face to face at the Deerfield campus.

BE 6300 Bioethics, Human Dignity, and the Church - 2-3 Hours

Issues in bioethics raise fundamental questions of human dignity in the lives of people everywhere, to which the church is uniquely well positioned to speak. This course enables students to understand many of today's bioethical challenges to human dignity and to develop practical ministry resources to address them through the preaching, teaching, worship, counseling, and outreach ministries of the church. Offered face to face at the Deerfield campus.

BE 6400 Readings in Bioethics - 2-3 Hours

Readings in bioethics from Hippocrates through the beginning of the modern bioethics period in Fletcher and Ramsey and on to the present. Readings in the earlier periods focus on the birth and development of the Hippocratic/Judeo-Christian tradition. Readings in the contemporary bioethicists place special focus on the secularization of bioethics as seen in such writers as Singer, Engelhardt, and Childress. The course may focus on either classical or contemporary readings. Offered face to face at the Deerfield campus.

BE 6500 Advanced Bioethics Institute - 3-4 Hours

A methodological investigation of how to do bioethics with a range of approaches critically assessed from a biblical-theological perspective. End-of-life treatment provides a test case. A national/international team of 15-20 top Christian bioethicists address special areas of expertise. Cannot be taken as a Guided Reading course. Prerequisite: BE 5000 or BE 5100. Offered face to face at the Deerfield campus.

BE 6600 Classic Cases in Bioethics - 3 Hours

Many of the major issues in bioethics have been shaped by pivotal medical and legal cases. The course examines those cases in detail and uses them as a springboard for understanding the larger ethical issues that they address. Offered face to face at the Deerfield campus.

BE 6700 Personhood in Theological & Philosophical Perspective - 3 Hours

Analysis of the role played by this key concept in bioethical debate against the background of philosophical and theological usage. Offered face to face at the Deerfield campus.

BE 6800 Global Health and Justice - 2-3 Hours

An overview of biblical, theological and philosophical approaches to justice, and an overview of justice issues in global health and medicine. Topics to be explored include, for example: globalization and infectious diseases, pharmaceuticals and justice, women's health, Malthusianism in global health policy, rationing and resource allocation in the low resource environment, cancer and care for an aging world, biotechnologies and hunger, medical and ethical problems in short term missions, bioethics in a world lacking global consensus, and the role of the Church when internal policies fail a population's citizens.

BE 7000 Theological Bioethics and Contemporary Alternatives - 3 Hours

A theological examination of a wide range of bioethical issues, identifying common ground and differences with other competing contemporary outlooks. Case studies will be used to work out concrete implications of the theological and alternative perspectives. For ThM and MDiv-Academic-Concentration students only.

BE 7300 Advanced Clinical Ethics - 1-3 Hours

This course will engage students in the process of doing ethical analysis in group discussion and in writing ethics consultation reports on specific cases typically encountered by a consultant in clinical ethics. Two prerequisites: BE 5300; plus either BE 5000 or BE 5100. Students without clinical/medical experience must obtain the professor's permission before registering. Students without BE 5000/5100 can ask the professor to waive that prerequisite. Offered online and face to face at the Deerfield campus.

BE 7476 Bioethics Capstone Exam - 0 Hours

A comprehensive examination scheduled by the student with the program director consisting of broad essay questions that allow the student to demonstrate a grasp of the field as a whole. Students should register for this capstone option in the semester they plan to take the examination.

BE 7478 Bioethics Capstone Project - 0-3 Hours

Independent study culminating in a bioethics-related project, as arranged with the program director or designate. Students should register for this course the semester they start the project.

BE 7480 Bioethics Capstone Integrative or Major Paper - 0-3 Hours

Independent study culminating in a bioethics-related project, as arranged with the program director or designate. Students should register for this course the semester they start the project.

BE 7485 MA Thesis - 0-4 Hours

MA thesis writers register for BE 7485. Prerequisite: Approved thesis proposal, and other department specific prerequisites. Counts as full-time student status. Letter grade or Credit/No Credit as arranged with the department. (Formerly BE 790)

BE 7486 Bioethics Capstone Extension - 0 Hours

This course is taken when an extension has been granted beyond one semester for progress toward completion of the capstone (other than the examination capstone). For the thesis option only, this counts as half-time student status when registrant affirms that a minimum of twenty hours per week is invested in the capstone. Capstone Extension fee required when not enrolled in other courses. No Credit.

BE 7501 Guided Research - 1-4 Hours

Independent study as arranged with a graduate school faculty member.

BE 7700 Bioethics Seminar - 1-4 Hours

Topical course conducted as a seminar on a question such as autonomy and informed consent, health care systems, resource allocation, genetic intervention, or end-of-life decision making. May be repeated for credit. Cannot be taken as a Reading Course. Offered face to face at the Deerfield campus.

BE 8100 Contemporary Figures in Bioethics - 2-3 Hours

This course includes presentations by several prominent Christian figures in bioethics as well as readings from an array of significant Christian leaders in bioethics. ThM students only. Offered face to face at the Deerfield campus.
