

PHILOSOPHICAL THEOLOGY AND APOLOGETICS (PR)

PR 5600 Christian Faith and Contemporary Challenges - 2 Hours

An introduction to some intellectual challenges to the Christian worldview and how biblically and theologically responsible Christians might respond to such challenges. Consideration is given to the central themes shaping the Christian faith, contrasting them with themes in other worldviews; to the relation between faith and reason in dealing with intellectual questions; and to some basic logical principles and concepts which are important both for doing theology and responding to critiques of Christian claims. Several specific intellectual challenges to the Christian faith (e.g., the existence of God, the problem of evil/suffering, faith and science, the historicity of the resurrection of Jesus Christ, and religious pluralism) are examined, and possible Christian responses to them are developed.
