## Overview of TEDS Master's Program in Florida

### Master of Arts (Theological Studies) Program

The MA/TS provides a basic understanding of Christianity for general educational purposes. Trinity's MA/TS draws from the breadth of the curriculum requiring substantive study in biblical, theological, and historical and global areas, combined with a significant number of hours in the student's area of interest. The MA/TS is particularly suited for Christians desiring to better understand God's revelation to humanity in the biblical and theological context of orthodox historic Christianity and who are engaged in non-pastoral vocations or for those seeking a general theological degree to accompany a specialized master's degree. As a seminary degree, its particular focus is to relate theological studies to the work of the church. Program participants may also elect to focus their elective coursework, capstone project, and field education coursework on a particular subject area available in the curriculum or at their particular site.
