

DUAL DEGREE OPTIONS

Trinity Graduate School, in conjunction with Trinity College (including TIU-Florida adult education program), offers three dual degree options:

Traditional or Adult Bachelor of Arts (in any discipline) combined with a Master of Arts in Leadership, and Bachelor of Arts in Psychology combined with a Master of Arts in Mental Health Counseling. Students can be admitted to these programs when they have completed 70 hours of undergraduate coursework and have maintained a 3.0 cumulative GPA or higher (including transfer coursework). Following admission, they may begin taking graduate courses as a part of their undergraduate course load. Some master's level coursework can be counted towards both the undergraduate and graduate degrees, allowing dual degree students to complete the BA and MA in less time than taking the two degrees separately. Students in the Mental Health Counseling or Leadership degrees may count up to nine (9) hours of coursework for both degrees.

Dual Degree Programs

- Adult BA in Psychology / MA in Mental Health Counseling (<http://catalog.tiu.edu/graduate/academic-life/masters-programs/macp/#dualdegreertext>)
- Traditional BA / MA in Leadership Dual Degree (<http://catalog.tiu.edu/graduate/academic-life/masters-programs/mal/#bamainleadershipdualdegreertext>)
- Adult BA / MA in Leadership Dual Degree (<http://catalog.tiu.edu/graduate/academic-life/masters-programs/mal/#adultbamainleadershipdualdegreertext>)
