

DATA SCIENCE MINOR

The Data Science minor is intended for students who are interested in learning the fundamentals of data science, in order to prepare themselves for the effective handling, processing, analysis, and presentation of data. Data science (also known as analytics) is a rapidly growing field, and graduates can find good jobs because so many companies and organizations use it. Requirements for this minor total 23 hours of required courses.

Code	Title	Hours
CS 120	Computer Programming I <small>May be used to fulfill a general education requirement.</small>	3
CS 235	Data Science I	3
CS 310	Database Management Systems	3
CS 435	Data Science II	3
MA 121	Calculus and Analytic Geometry I <small>May be used to fulfill a general education requirement.</small>	4
MA 321	Mathematical Statistics I	4
MA 331	Linear Algebra	3
Total Hours		23
