Through 2nd week of classes	100%
Through 4th week of classes	75%

Please be advised:

- Disciplinary measures that require the withdrawal of a student will follow the above-stated refund policy.
- It is the students' responsibility to inform the Student Life Office if they are not returning for the following semester. If notification is not made, students may be liable for pro-ration on tuition, fees, room, and board.
- Students who withdraw will still be charged for all meal swipes used.

Refund Policy for Title IV Funds

In addition to the institutional refund policy, the following regulations mandated by the Department of Education are applicable. If a student received any financial aid under federal Title IV programs (Supplemental Educational Opportunity Grant, Pell Grant, Perkins Loan, Federal Direct Student Loan and Federal Direct Parent Loan), a portion of these funds may need to be returned under the guidance of the federal formula, except the Federal Work Study Program.

Withdrawal Date

The day the student withdraws is the date (determined by the University):

- The student began the official withdrawal process prescribed by contacting the Student Life Office; or
- The student otherwise provided the University with official notification of the intent to withdraw.

For the student who does not begin the school's official withdrawal process or notify the school of the intent to withdraw, the midpoint of the period of enrollment for which Title IV assistance was disbursed is used (unless the institution can document a later date).

If the school determines the student did not begin the withdrawal process or notify the school of the intent to withdraw due to illness, accident, grievous personal loss, or other such circumstances beyond the student's control, then the school may determine the appropriate withdrawal date.

Percent of Aid Earned

The percentage of the period of enrollment for which federal aid was awarded is determined by dividing the total number of calendar days within the period of enrollment into the number of calendar days completed as of the day the student withdrew.

The percentage of aid earned during this period is equal to the percentage of the term completed. The percentage of “unearned” aid is determined by subtracting earned aid from 100%. The school is required to return the lesser of the unearned aid percentage applied to the institutional charges and the unearned percentage applied to total federal aid received.

Once 60% of the semester is completed, a student is considered to have earned all of his/her financial aid and will not be required to return any funds.

If this calculation indicates that funds should be returned, a specific order of refund has been established by the federal government (as applicable):

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Perkins loan
4. Federal Direct PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant (SEOG)
7. Federal TEACH Grant
8. Other Title IV assistance (as applicable)

The school must return the amount of Title IV funds for which it is responsible as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew.

Post-withdrawal Disbursement

If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

If the post-withdrawal disbursement includes loan funds, the school must get the student's permission before it can disburse them. A notification regarding the post-withdrawal disbursement will be sent to the student (or parent in the case of a Parent PLUS loan), within 30 days of the date the school determines the student's withdrawal. A student may choose to decline some or all of the loan funds so additional debt is not incurred.

The school may automatically use all or a portion of the post-withdrawal disbursement of grant (Pell Grant and SEOG) funds for tuition, fees, and room and board charges (as contracted with the school). The school needs the student's permission to use the post-withdrawal grant disbursement for all other school charges. If the student does not give their permission, the student will be offered the funds. However, it may be in the student's best interest to allow the school to keep the funds to reduce any debt at the school. For any grant funds owed a student, the school must make the disbursement as soon as possible, but no later than 45 days after the date of the institution's determination that the student withdrew.

Excess Funds

If a student receives (or the school or parent receive on the student's behalf) excess Title IV program funds that must be returned based upon

the calculation described above, the school must return a portion of the excess equal to the lesser of:

1. the student's institutional charges multiplied by the unearned percentage of their funds, or
2. the entire amount of excess funds.

The school must return this amount even if it did not keep this amount of the student's Title IV program funds. If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that the student (or parent for a Direct PLUS Loan) must return, must be repaid in accordance with the terms of the promissory note. That is, the scheduled payments must be paid to the holder of the loan over a period of time.

Any amount of unearned grant funds that the student must return is called an overpayment. The maximum amount of a grant overpayment that a student must repay is half of the grant funds they received or were scheduled to receive. A student does not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. A student must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when a student withdraws are separate from any refund policy that the school may have. Therefore, a student may still owe funds to the school to cover unpaid institutional charges. The school may also charge a student for any Title IV program funds that the school was required to return.

For additional information on refunds to Title IV sources, please contact the Office of Financial Aid at 847.317.8060. Refund Policy for Title IV Funds

In addition to the institutional refund policy, the following regulations mandated by the Department of Education are applicable. If a student received any financial aid under federal Title IV programs (Supplemental Educational Opportunity Grant, Pell Grant, Federal Direct Student Loan, and Federal Direct Parent Loan), a portion of these funds may need to be returned under the guidance of the federal formula.

Withdrawal Date

The day the student withdraws is the date (determined by the University):

- The student began the official withdrawal process prescribed by contacting the Student Life Office; or
- The student otherwise provided the University with official notification of the intent to withdraw.

For the student who does not begin the school's official withdrawal process or notifies the school of the intent to withdraw, the midpoint of the period of enrollment for which Title IV assistance was disbursed is used (unless the institution can document a later date).

If the school determines the student did not begin the withdrawal process or notify the school of the intent to withdraw due to illness, accident, grievous personal loss, or other such circumstances beyond the student's control, then the school may determine the appropriate withdrawal date.

Percent of Aid Earned

The percentage of the period of enrollment for which federal aid was awarded is determined by dividing the total number of calendar days within the period of enrollment into the number of calendar days completed as of the day the student withdrew.

The percentage of aid earned during this period is equal to the percentage of the term completed. The percentage of "unearned" aid is determined by subtracting earned aid from 100%. The school is required to return the lesser of the unearned aid percentage applied to the institutional charges and the unearned percentage applied to total federal aid received.

Once 60% of the semester is completed, a student is considered to have earned all of his/her financial aid and will not be required to return any funds.

If this calculation indicates that funds should be returned, a specific order of refund has been established by the federal government (as applicable):

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Perkins loan
4. Federal Direct PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant (SEOG)
7. Other Title IV assistance (as applicable)

The school must return the amount of Title IV funds for which it is responsible as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew.

Post-withdrawal Disbursement

If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

If the post-withdrawal disbursement includes loan funds, the school must get the student's permission before it can disburse them. A notification regarding the post-withdrawal disbursement will be sent to the student (or parent in the case of a Parent PLUS loan), within 30 days of the date the student school determines the student's withdrawal. A student may choose to decline some or all of the loan funds so additional debt is not incurred.

The school may automatically use all or a portion of the post-withdrawal disbursement of grant (Pell Grant and SEOG) funds for tuition, fees, and room and board charges (as contracted with the school). The school needs the student's permission to use the post-withdrawal grant disbursement for all other school charges. If the student does not give their permission, the student will be offered the funds. However, it may be in the student's best interest to allow the school to keep the funds to reduce any debt at the school. For any grant funds owed a student, the school must make the disbursement as soon as possible, but no later than 45 days after the date of the institution's determination that the student withdrew.

Excess Funds

If a student receives (or the school or parent receive on the student's behalf) excess Title IV program funds that must be returned based upon the calculation described above, the school must return a portion of the excess equal to the lesser of:

1. the student's institutional charges multiplied by the unearned percentage of their funds, or
2. the entire amount of excess funds.

The school must return this amount even if it did not keep this amount of the student's Title IV program funds. If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that the student (or parent for a Direct PLUS Loan) must return, must be repaid in accordance with the terms of the promissory note. That is, the scheduled payments must be paid to the holder of the loan over a period of time.

Any amount of unearned grant funds that the student must return is called an overpayment. The maximum amount of a grant overpayment that a student must repay is half of the grant funds they received or were scheduled to receive. A student does not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. A student must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when a student withdraws are separate from any refund policy that the school may have. Therefore, a student may still owe funds to the school to cover unpaid institutional charges.
